Fall Enrollment Report

Tom Schenk Jr., Consultant

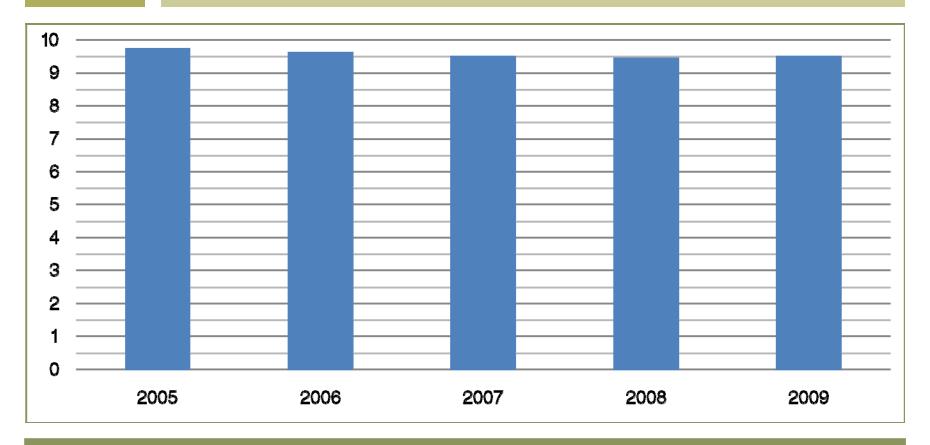

2 Fall Enrollment

Enrollment increased to a new record high of 88,104, an increase of 1.2 percent over last year. Part-time enrollment has exceeded full-time enrollment for the second year in a row.

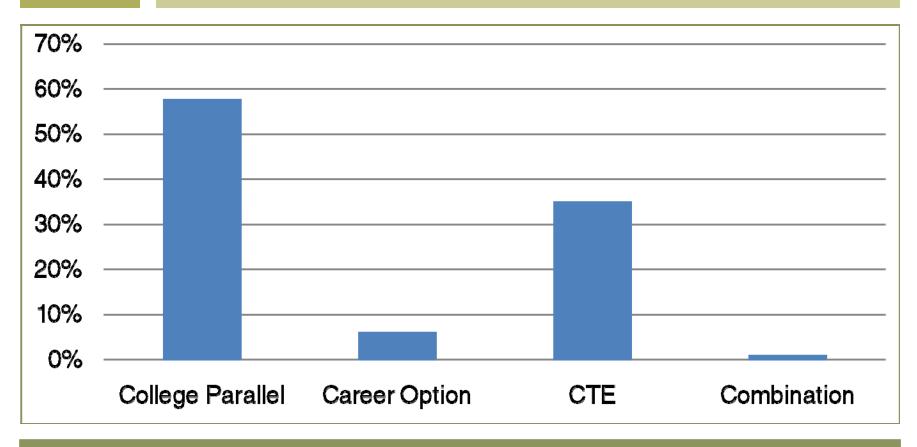

Credit Hours per Student

Credit hours increased to 838,304 hours, a 1.8 percent increase. Credit hours per student also increased to 9.51 from 9.46 this fall.

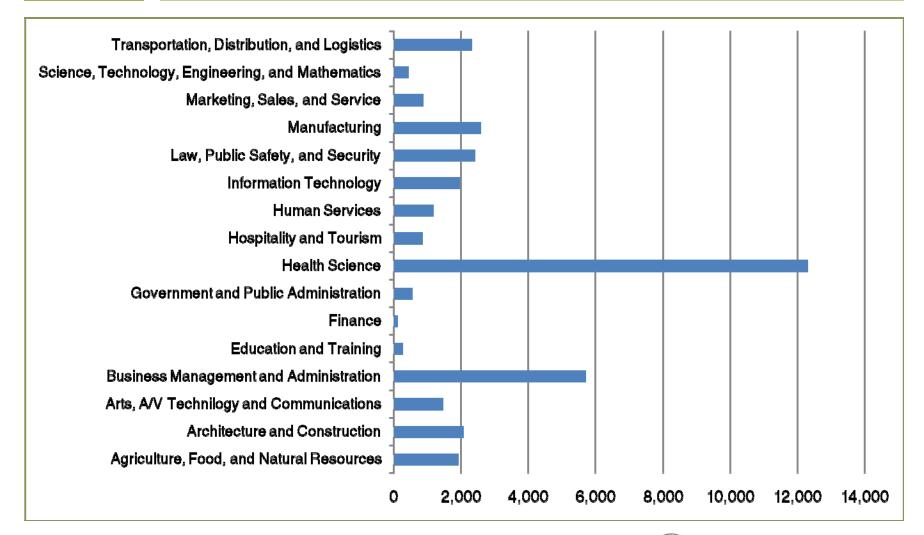

4 Program Type

College parallel is the largest program type in Iowa, followed by CTE. College parallel has remained the largest program for awhile.

Career Clusters

Gender

The gender distribution in Iowa is equivalent to the national trend. Nationally, females have outnumbered males since at least 1980.

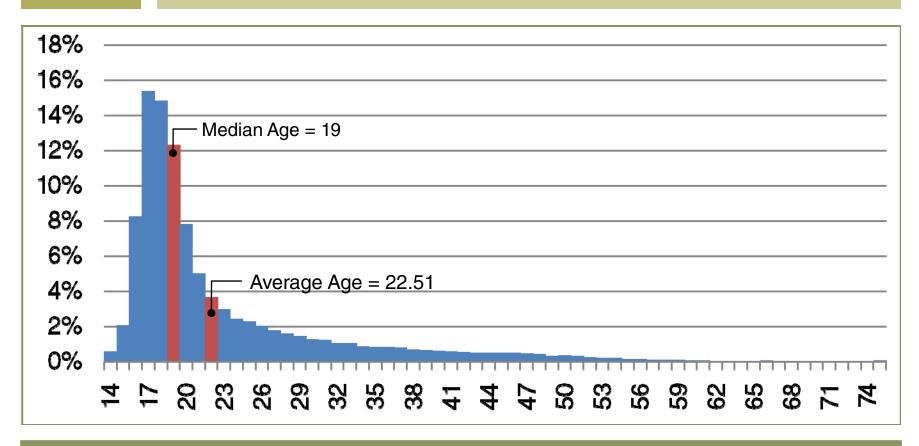

Minority Population

There are a larger share of minorities in community college compared to the percent of minorities in the state of lowa.

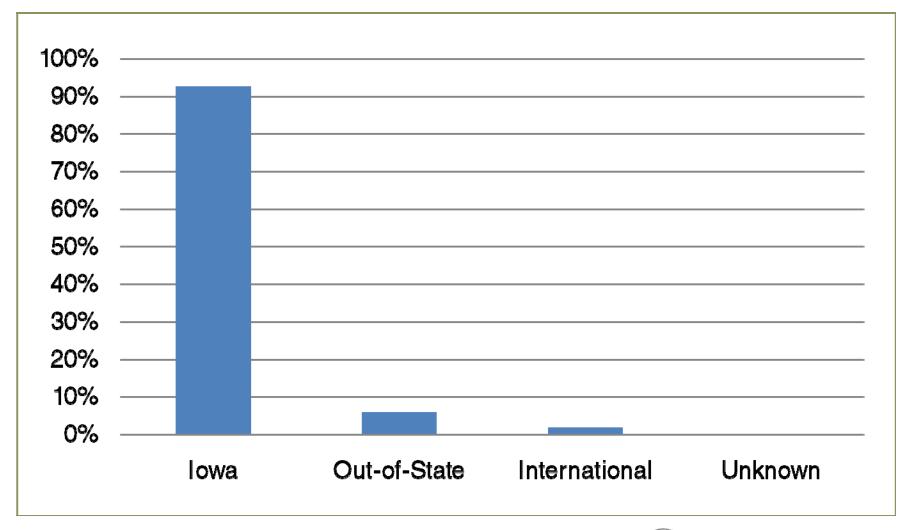

9 Age

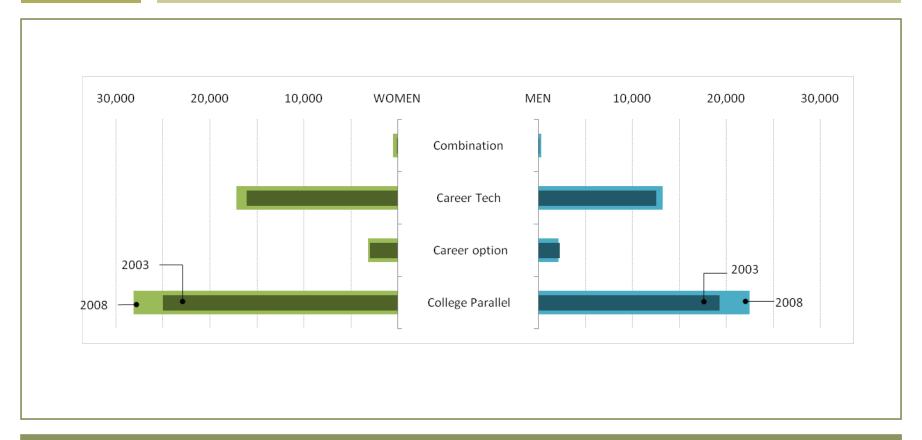

The average age is 22.5 years, which is consistent with the national average. But median age is 19, which is below the national figure of nineteeen. Most students are between 16 and 23 years-old.

10 Student Residency

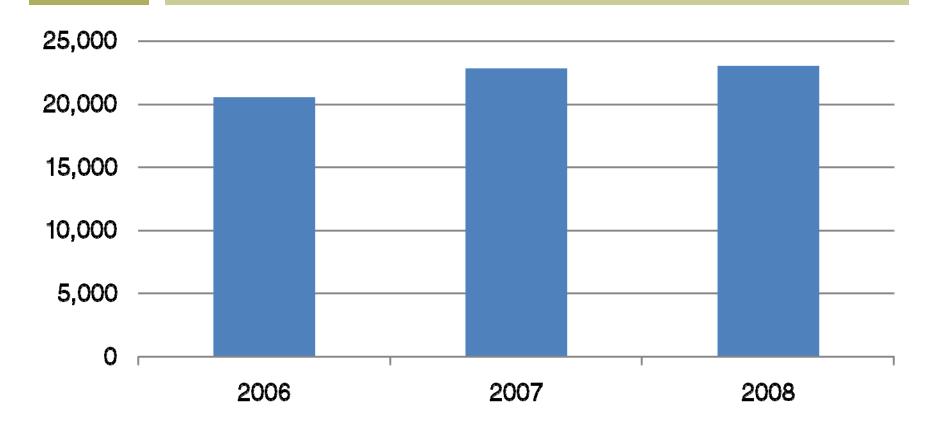

11 Programs by Gender

More women enroll in college parallel and CTE programs than men. Career option programs have stagnated for both genders, where fewer men enrolled in fall 2008 than five years ago.

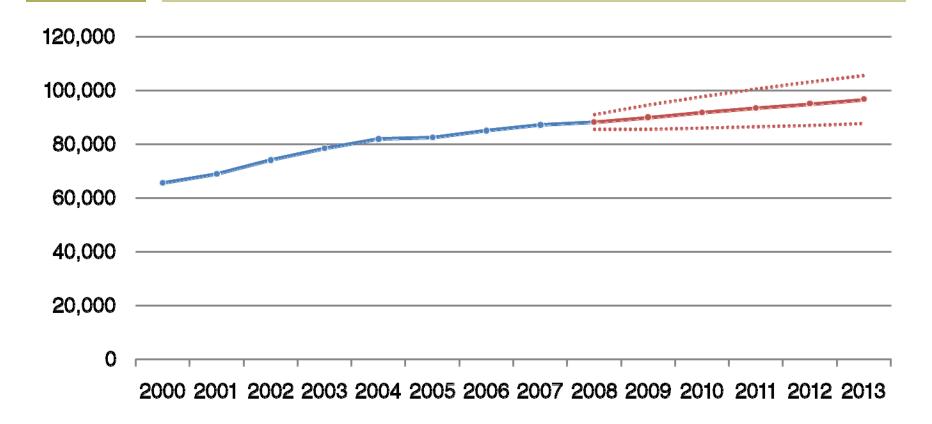

12 High School Enrollment

High school enrollment increased to 23,071 students. This fall, 26.1% of enrollment were composed of jointly enrolled students.

Enrollment Projections

Project enrollment was consistent with actual enrollment for this fall. In the upcoming years, fall enrollment is still projected to increase despite a projected decrease in high school students.
